# UX275 WASHER-EXTRACTOR

UniMac has been recognized around the world as the leading manufacturer of commercial laundry equipment. We produce, sell and support more commercial washers and dryers in North America than any other company. Our UX washer-extractors are renowned for their durability, innovative features, efficient performance and lowest cost of ownership.

Extract Speed - RPM	75-750
Extract G-Force	350
Water Inlet Conn. - mm (in)	3 x 38 (1 1/2")
Steam Inlet Conn. - mm (in)	25 (1)
Drain Conn. Size - mm (in)	2 x 103 (4)
Motor Size - kW (HP)	18.5 (25)
Voltage / Hz / Phase Circuit / Breaker - FLA	X —
	Q 200-240/50-60/3 • 100
	P 380-415/50-60/3 • 63
	N 440-480/50-60/3 • 63
Shipping Dimensions - mm (in)	H 2340 (92.12)
	W 2000 (78.73)
	D 2170 (85.43)
Net Weight - kg (lb)	3480 (7672)
Shipping Weight - kg (lb)	3710 (8179)
Agency Approvals	CE, CSA

Consult your UniMac distributor for details. For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice.

## UX275 — AT A GLANCE

### TAKE CONTROL OF YOUR LAUNDRY

The Micro control is a full computer control with graphic display that features 99 programs in over 20 languages. Other features include temperature control and programmable water levels.

### FLEXIBLE INSTALLATION

Our softmount washer-extractors not only save on utility costs, but on installation costs as well. Softmount washer-extractors are the perfect choice for second-floor laundries or other installations where a poured foundation isn't an option.

### LOWER UTILITY COSTS

Our softmount washer extractors not only save on installation costs, but on utility costs as well. The washing and spin speeds are fully programmable on our state-of-the-art inverter drive which allow for a smooth transition from wash to spin cycle. Plus the high-speed extraction will reduce your drying and finishing times, saving up to 40 percent on your gas and water bills when compared to a standard 85 G-Force washer.

### INDUSTRY-LEADING DURABILITY

Featuring solid stainless steel construction and heavy-duty precision cast iron bearing housing, our line of UX model washer extractors consistently achieve high levels of efficiency, quality and durability.

### TILT SYSTEM (Optional)

To improve loading and unloading ease, this model offers a forward tilt. Tilting is done by an external platform.
